

Method of Payment

Authorization for Automatic Payroll Deposit

Goodwill uses the direct deposit method of payment for all employees. A practice deposit will be run through to ensure that the correct account is set up for direct deposit. Special deductions are available.

Pay information will be available online starting with 2010. To access online pay information, go to **gdw.greenemployee.com**. If prompted, select the option to continue which warns it is not recommended and enter 402-438-2022 (Judson phone number) to safely continue. There is an initial set up process, then you can access pay information from any computer with internet access. You may also access information upon termination.

Please attach a voided/photocopy of your personal check(s) or savings account(s) information to this authorization form. The voided check or copy will identify the depository routing and your account number(s).

- Direct deposit**-Your paycheck amount will be deposited in your checking or savings account on payday Friday. This is a very secure and convenient method as your money is in your account regardless of what time you receive your pay information. There are many new kinds of accounts at local banks which may suit your needs.

- Special Deductions**-You have the option of deducting a percentage or a dollar amount from the balance of your paycheck and having it placed into a different checking or savings account. This will be done automatically through payroll. See the back side if you are interested in putting a percentage or dollar amount from gross pay into other account(s).
